

ALTERNATE GARAGE SUPPLEMENTAL APPLICATION

When the covered auto is principally garaged at a location other than your primary residence, the following information is needed.

**Please note that your covered auto is required to be stored in a locked "garage facility", which is defined as a permanent structure that is capable of protecting the vehicle from the elements, is fully enclosed, and all entranceways must have a functioning locking mechanism. If your garaging facility does not meet these standards, please notify your agent.*

Insured's Name _____

Garaging Address _____

1. Attach a photograph of the alternative garage.
2. What type of facility is this? (Public, private, office, business, etc.) _____
3. Is this an individual garage or a large storage area? _____
4. Is this a fully enclosed and locked garage? _____
5. Who has access to this garage? _____
6. What else is stored in this facility? _____
7. What type of security safeguards are at this location? (Alarms, fencing, lighting, etc.) _____

8. What is the distance between your residence and the garage facility? _____
