A man was wheeling himself frantically down the hall of the hospital in his wheelchair, just before his operation.

A nurse stopped him and asked, "What's the matter?"

He said, "I heard the nurse say, 'It's a very simple operation, don't worry. I'm sure it will be all right.'"

"She was just trying to comfort you. What's so frightening about that?"

The cabby screamed hit the gas and plowed into a tree. The passenger said what the heck is wrong with you?

This is my first day driving a cab. I drove for a funeral home for 15 years and no one ever banged on my partition. You scared the living-daylights out of me!

Ey' how was the paper?

Oh it was just great, but I forgot the past tense of "THINK". I thought and thought for a long time, finally I just wrote "THUNK"

Ha ha ha, you are very silly, I thought about that for a while, but I know the answer is "Thonk"

And what about the past tense of "Write"

Mmmm, I don't remember what i wrote on that one, I think I wrote "Written"

Well, let's hope you are right, I did not bother with the past tense of "GO", I just wrote "GOED" and went to submit my paper.
