Healthy Snack

I was choking on carrots and all I could think of was, "I bet a donut wouldn't have done this to me!"

Dirty Job

Although desperate to find work, I passed on a job I found on an employment website. It was for a wastewater plant operator.

Among the job requirements: "Must be able to swim."

Thesaurus

A truck loaded with thousands of copies of Roget's Thesaurus crashed on the Interstate

couldn't resist going over to him and asking what he was charging the woman with.

He looked at me, smiled, and said, "I'm charging her with waving a firearm around."

Salesman

I was halfway through a meeting with a photocopy salesman, when he suddenly mentioned his wife and children, and how content and happy he was.

I was puzzled, but let him continue. It was only when I glanced down that I understood his reason for imparting this personal information. The table leg against which I had been rubbing my itchy foot wasn't a table leg at all.
