Newlyweds

At my granddaughter's wedding reception, the DJ polled the guests to see who had been married the longest. It turned out to be my husband and I. The DJ asked us, "What advice would you give to the newly married couple?"

I said, "The three most important words in a marriage are, 'You're probably right.'"

Everyone then looked at my husband. He said, "She's probably right."

Fun and Games

It's all fun and games until someone sets up the Monopoly board.

Then it's just games.

Mountaineers

Two mountain climbers reached a huge, deep fissure in a glacier.

"Careful here," says one of them. "My mountain guide fell down there last year."

"I bet you felt bad about that," says the other.

He quipped, "Not really, it was pretty old and missing a few pages."

New Boyfriend

A young miss was pacing through her living room waiting for her new beau to arrive. Just then a young man driving a brand new red Corvette was parking in front of the house.

The girl's father glanced out the window at the same time. His chin dropped two feet and his pupils doubled in size. He turned to his daughter and asked, "What does your boyfriend do?"

She replied, "He inherits."

Experiment

Dr. Boudreaux was performing a science experiment on a common insect, the flea. He proceeded to carefully remove one leg from the flea on which he was working. Then he shouted, "Jump!" and the flea jumped. He recorded his findings as such, "Flea can jump with one leg removed."

Then he carefully removed a second leg and said, "Jump!" Again the flea jumped with no problem and he recorded the findings. He continued the experiment one leg at a time until all the legs had

been removed. The flea, now legless, sat motionless when ordered to jump.

"Hmmm, very interesting," the doctor commented. Then he recorded his findings..."When all the legs have been removed from the flea, he can't hear anything."

Baby Sister

Used to being the center of attention, Robbie was a little more than jealous of his new baby sister.

The parents sat him down and explained that now that his baby sister was getting older, the house was too small and they'd have to move.

"It's no use," Robbie said. "She's crawling good now and she'd probably just follow us."
