New Diet

My friend Kimberly announced that she had started a diet to lose some pounds she had put on recently.

"Good," I exclaimed. "I'm ready to start a diet too. We can be dieting buddies and help each other out. When I feel the urge to drive out and get a burger and fries, I'll call you first."

"Great!" she replied, "I'll ride with you."

Road Worker

I refused to believe my road worker father was stealing from his job, but when I got home all the signs were there.

Birthing Class

When our second child was on the way, my wife and I attended a pre-birth class aimed at couples who had already had at least one child. It went like this:

"Some parents," she said, "tell the older child, 'We

love you so much we decided to bring another child into this family.' But think about that. Ladies, what if your husband came home one day and said, 'Honey, I love you so much I decided to bring home another wife.'"

One of the women spoke up immediately, "Does she cook?"

Ear Infection

Because of an ear infection, my young son, Casey, had to go to the pediatrician. I was impressed with the way the doctor directed his comments and questions to my son.

When he asked Casey, "Is there anything you are allergic to?"

Casey nodded and whispered in his ear.

Smiling, the pediatrician wrote out a prescription and handed it to me.

Without looking at it, I tucked it into my purse.

Later, the pharmacist filled the order, remarking on the unusual food drug interaction my son must have. When he saw my puzzled expression, he showed me the label on the bottle.

As per the doctor's instructions, it read, "Do not take with broccoli."

Astronomy Test

My daughter's fifth-grade class had been studying astronomy.

One morning at breakfast she announced, "On Friday we're having a quiz on the moon."

That's when her little brother piped up saying, "Are you gonna let her go, Mom?"

Plumber

A homeowner phones a plumber, "Can you come over and fix my kitchen sink again?"

The plumber replied, "You know I'm always at your disposal."
